

The Rivertown Dance Club is pleased to announce some exciting news.

For the last two years, the Executive Committee has worked diligently to improve and update our 69 year old club. While keeping the tradition of our great club, and our "Touch of Elegance", several changes have been made to allow our club to be more enjoyable, inclusive and up to date.

Some of the changes have already been implemented. The club name and logo have been changed to a newer, more modern feel. We have added the occasional evening with recorded music. In addition to the financial advantage of CD dances, this allows for more current and modern music and music that can be more specific to some of our themed events. Unmarried couples, not just married couples, have been invited to enjoy what our club has to offer.

While making improvements where the change makes for a more enjoyable experience, we do not want to fix something that is not broken - not everything will change. The Rivertown Dance Club will remain a private club holding monthly events at the historic Iron Works Convention and Trade Center in Downtown Columbus, Georgia. The atmosphere of this beautiful facility and the huge dance floor are what sets us apart and are the trademark of our club. A nice mix of formal events with dinner, as well as relaxed and themed events, will remain the same; as will our efforts to bring in the highest quality area bands whose music is suitable for the variety of dance styles we have come to enjoy.

With this said, membership for a private club is of utmost importance. Membership dues income allow for the Rivertown Dance Club to continue providing the same great ambiance and atmosphere with all the trimmings that we all have come to appreciate and enjoy.

This brings us to our most exciting change . . . membership!

The Rivertown Dance Club will now offer membership to unmarried couples as well as single membership. Dues will be the same for married and unmarried couples and singles with the understanding that the single membership *must* bring a dance partner.

Dues paying members from other area dance clubs will still be allowed to visit for a fee.

Saturday, June 16, 2018, the next Rivertown Dance, will start a clean slate. All visiting couples that are not members of another dance club, will receive two complimentary visits. Membership will be required after these two visits.

Membership is easy and affordable. With no joining fee, dues are currently \$30 per month and are billed electronically at the end of each quarter. Please ask for your application today!

Please remember, memberships are important for the sustainability of a private club; the Rivertown Dance Club is no exception. We need your support to continue to offer the best experience in the Southeast.

With warmest regards, we look forward to seeing you all on the dance floor,

The Executive Committee Rivertown
Dance Club

Columbus, Georgia
